

TO TEST CLEVELAND'S STRENGTH.

The New York World says the Democratic party needs New York's thirty-six electoral votes next year and has need to emphasize itself this year in its choice of a candidate for Governor of New York. Now that Governor Hill has taken himself out of consideration it thinks that Grover Cleveland is best, fulfils the requirements of a candidate for Governor. He is a candidate for the Democratic Presidential nomination next year, his candidacy resting upon the assumption that he can surely carry New York. The assumption that he can do so is stoutly maintained by some and as stoutly denied by others. It is of the utmost importance that the question shall be subjected to the crucial test before the time comes for the selection of National candidates. This year's election affords an opportunity for such a test.

The World argues that if Mr. Cleveland, as a candidate for Governor, shall demonstrate his ability to carry New York, his claim to consideration for the higher place, will be weighed without the embarrassment of doubt as to his strength in that State. If he cannot carry the State it is desirable that the fact shall be made clear in time to save the party from making a disastrous blunder in 1892.

Governor Hill, though elected to the United States Senate for six years, had no objections to relinquishing that office and entering the field again for Governor of New York. Now Cleveland may be given opportunity to test his courage, though there is really no good reason why a man who has made himself so unpopular in the West as Cleveland has done by his opposition to the silver interest and the great majority of his party, should be nominated for President because he is elected Governor of New York.

The Democratic party should let Cleveland alone unless he comes out squarely and unequivocally for free coinage.

RAIN TO ORDER.

The experiments in producing rain by artificial means, which are being conducted under the direction of the Department of Agriculture, are progressing satisfactorily. Professor R. G. Dyerfurth, a Washington lawyer of scientific attainments, is superintending the experiments in the field. At present he is operating at Midland, Texas, and he reports that the firing of explosives was followed by a copious rain. About ten hours after the explosion heavy clouds gathered and rain fell over many miles of surface.

While the scientist is not positive that the explosions actually produced the storm, he thinks they were instrumental in precipitating the moisture, which the clouds brought to the locality and greatly increased the intensity of the storm, as the precipitation was greatest in the vicinity of the operations.

Should it be demonstrated beyond doubt that rains can be caused to fall over several thousand square miles of surface by the explosion of dynamite above the earth, at a moderate expense, the irrigation problem will be solved and the arid region will be the most desirable locality for agricultural purposes in the country, especially if low rates of transportation for the products of the soil can be had to the seaboard.

Conceive the change that would be brought to Nevada if rain could be produced to order! Every valley would be populated and each community would own and operate its rain-making apparatus, its use to be determined by local regulations. With such machines, for use in fertile valleys, and the coining of silver free at the mints, as the coining of gold is now, Nevada would become in a few years the Empire State of the Pacific and boss rule and dull times would be things of the past.

The Census Bureau estimates the increase of assessable property in the nine Southern States from \$3,900,000,000 in 1880 to \$6,000,000,000 in 1890. It must be admitted from this showing that Democratic State Governments do not retard the growth and prosperity of communities as much as stump speakers would have their hearers believe. Had Nevada prospered proportionately in the last decade there would not be so much cause for complaint against "boss rule" in the State.

Late arrivals from the Cocopah region in Sonora, on the Colorado river, report great changes in the topography of the country, caused by the recent volcanic eruptions. Many old landmarks have been obliterated, and new ones have appeared in unexpected places.

Governor Page of Vermont has issued a proclamation for a special session of the Legislature to convene Tuesday, August 25th. One cause for the extra session is to take action regarding the direct tax money due the State from the Federal Government.

Bayou Sara, La, has a 27-pound potato.

BY TELEGRAPH!

News of Importance From Home and Abroad.

The Persecuted Jews.

Special to the Journal.

LONDON, August 13.—The work entitled "In Darkest Russia" has met with good sale and to-day the second edition was issued. The book is devoted to an exposure of the wrongs from which the Jews in Russia suffer, and the second edition gives long lists of fresh persecutions to which the Hebrews in that country have been subjected.

A letter from a Jew in Russia to the Minister in London is published in the book. The writer says the most serious matter of all is the general outlawry in which the Jews are held. Every petty Russian official assumes the right to treat them as he thinks fit. As an illustration of this misuse of power he instances the fact that the police of Liban recently issued an order prohibiting the Jews from bathing in the sea in Summer. A letter received from a gentleman in Charlottenburg, Germany, describing the condition of the Jews who are fleeing from Russia, says the refugees who have not sufficient money to pay full price for tickets to America have received tickets from the Jewish Emigration Committee at less than cost.

Justice Avenged.

Special to the Journal.

SIMILA, August 13.—The murder of British officials in March last was avenged to-day by the execution of two of the leaders of the massacre. The two men were members of the reigning family of Manipur and both appealed from the decision of the Military Court of inquiry which tried them but the Marquis of Lansdowne, Viceroy of India, refused to interfere with the decision of that court. The two men executed were Senaputti, or Commander-in-Chief of the Manipur army, and Cengel, a General, who violated the flag of truce under which the Englishmen were decoyed from Manipur, and who gave the native executioner orders to kill the British prisoners.

An immense crowd of natives witnessed the execution, but owing to the presence of a large number of troops, no disturbance occurred.

Against the Chinese.

Special to the Journal.

SAN FRANCISCO, August 13.—The landing of the Chinese from the steamer Oceanic was stopped to-day by order of Collector Phelps. The order was due to a circular received from the Treasury Department, quoting a decision of the United States Supreme Court in the case of Wan Sing. The latter is a laborer and wanted to land on the ground of prior residence. The Court held that no Chinese, merchant or otherwise, could land in the United States unless he was provided with a consular certificate. To obtain this certificate he would have to prove that he was conducting a mercantile business in his country, which would be almost an impossibility in China. Collector Phelps holds that this practically excludes all Chinese except those connected with the Diplomatic Corps.

Chilean News.

Special to the Journal.

SAN FRANCISCO, August 13.—The steamship San Juan arrived to-day from Panama. Her officers had no information regarding the seizure of the steamer City of Panama by the Salvadorian authorities, as the latter vessel left Panama at a later date than the San Juan.

Panama papers state that the bill has been discussed in the Chilean Congress to disown all the acts of the revolutionists in order not only to lay civil and criminal responsibility upon all those supporting the insurgents but to warn neighboring nations against dealing with them.

The epidemic of smallpox in Santiago has been followed by the announcement of a number of cases at Valparaiso. Balmaceda's troops had retired from Coquimbo and gone further South. Many of the troops had rebelled and gone to Valparaiso and Eretna.

The Defunct Building and Loan Association.

Special to the Journal.

CHICAGO, August 13.—Postoffice Inspector Stuart last night received a dispatch from W. F. Mortimer, the missing Secretary of the National Capital Savings, Building and Loan Association of North America, dated Minneapolis, starting for Chicago. Stuart went to the depot this morning to meet him, but he came not. The Inspector thinks he changed his mind when he learned there was a warrant out for his arrest. Receiver Wilkins of the insolvent concern to-day demanded and received from the postmaster all letters addressed to it which have been re-delivered since Mortimer's disappearance. They are supposed to contain temptations, which will be returned to the senders.

Work Resumed.

Special to the Journal.

CHICAGO, August 13.—At the World's Fair grounds to-day work was resumed on the mines and mining, horticultural electricity and transportation buildings. Work on the others, which was stopped yesterday, will be resumed to-morrow. The Board of Control passed a resolution to-day authorizing Mrs. Palmer to call a meeting of the Board of Lady Managers for September 2nd.

The Four and a Half Per Cent. Bonds.

Special to the Journal.

WASHINGTON, August 13.—Inquiry at the Treasury Department develops the fact that Secretary Foster's plan for continuing the four and a half per cent. bonds, at two per cent., so far has failed to meet with the favor anticipated by its advocates.

Up to date \$18,500,000 have been continued, but others, aggregating \$23,000,000, must be presented on or before September 2nd, or the Secretary must be prepared to redeem them on presentation, or make terms with the holders for an extension of time. At the present rate of interest, four and a half per cent., the available cash balances to-day, outside of the fractional silver and deposits in National banks, is \$13,500,000, and is gradually increasing. While there is no question of the Government's ability to redeem the bonds, it is well known that it would prefer to continue them. There is no doubt that \$8,000,000 held by the banks will be continued. The uncertainty is in regard to the \$15,000,000 in the hands of individuals.

Secretary Blaine's Health.

Special to the Journal.

MINNEAPOLIS, August 13.—Loren Fletcher, one of the Republican leaders in this State and a leading candidate for the Republican nomination for Congress in this district, returned this morning from Bar Harbor, where he had a long talk with Blaine. He said Blaine would live to serve his country many years yet. He was not ill but simply needed rest. A Minnesotan told him that two topics only were now discussed in the northwest—a big wheat crop and Blaine's health. He assured the Secretary that Blaine and reciprocity would sweep that point of the country. The only answer Blaine made was a smile and a deprecating gesture, yet Fletcher has the impression that Blaine will run if asked with sufficient unanimity.

The Rochester Races.

Special to the Journal.

ROCHESTER, August 13.—The event of the day was Nancy Hanks' effort to beat her record of 2:14, which she did in splendid style in 2:12.

In the 2:17 trot Vic H. won in three straight heats, Walter E. second, J. B. Richardson third, Henrietta fourth. Best time, 2:16.

In the 2:20 pace, Charlie F. won in three straight heats, Bob Taylor second, Treasure third, others distanced. Best time, 2:16.

In the 2:23 trot, Nightingale won, Illinois second, Honest George third, Walter Boy fourth. Best time, 2:19.

Races at San Jose.

Special to the Journal.

SAN JOSE, August 13.—The races were attended by 3,000 people to-day. In the two-year-old pacing and trotting stake, Headlight won in two straight heats, May Queen second. Best time 2:51.

Vida Wilkes won the three-year-old trot in three straight heats, Ellener second. Best time 2:35. Palo Alto went half a mile in 1:06.

The 2:15 pacing race brought out Rapce, Princess, Alice and Hammer. Princess won in three straight heats. Time 2:15, 2:17 and 2:17. Hammer was distanced in the second heat.

China Must Protect Foreigners.

Special to the Journal.

LONDON, August 13.—A dispatch from Peking says it is evident from the action taken by the Powers that they intend to compel China to protect foreigners residing within her borders. Representatives to several Powers there addressed a fresh joint note to the Chinese Government yesterday in relation to the outrages perpetrated by Chinese mobs upon missions, missionaries and others in Yang Tse Kiang Valley, demanding that China take immediate steps to protect the lives and property of foreigners.

Murder and Suicide.

Special to the Journal.

GAYLAND, Mich., August 13.—A. W. Wilcox, living two miles east of here, aged 70, this afternoon split open the skull of his granddaughter, Mrs. West, then suicided by shooting himself with a revolver. Before shooting himself he took a dose of Paris green. He was angered at his grand-daughter because she, who was keeping house for him, was going away.

A Rich Strike in Leadville.

Special to the Journal.

LEADVILLE, Col., August 13.—The richest strike that has been made in this mining district for years has been made in the Bohn shaft, located within a block of Leadville's main thoroughfare. Last week it was determined to sink this shaft, diamond drills were brought into use and sent down 312 feet and struck a thick vein of extremely high grade silver ore, which assays from 2,000, to 3,000 ounces of silver to the ton.

A Bad Neighborhood.

Special to the Journal.

ARKANSAS CITY, Kan., August 13.—Mrs. J. A. Wickline, who was brutally assaulted and nearly murdered three weeks ago, this morning found a skull and cross bones letter nailed to the door, warning her to leave the country or she would fill a coffin. It is the same neighborhood where Mr. and Mrs. S. A. Donnelly were mysteriously murdered a week ago. People are greatly excited.

Sawmill Burned Near Susanville.

Special to the Journal.

SUSANVILLE, Cal., August 13.—Last night the steam sawmill of Lawrence and Odell, burned with 120,000 feet of lumber. The loss is \$60,000. The fire caught from the back of the furnace. No insurance.

The farmers are taking a more active part in politics in the Eastern States than have been their wont. Of the 223 members of the Kentucky Legislature 124 are engaged in agricultural pursuits.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a faint, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and efficiently. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the sympathetic effects of the disease, banishes the headache, and refreshes the tired mind.

"I have been troubled with dyspepsia. I had but little appetite, and what I did eat distressed me, or did me little good. In an hour after eating I would experience a faintness, or tired, all-gone feeling, as though I had not eaten anything. My trouble, I think, was aggravated by my business, which is that of a painter, and from being more or less shut up in a room with fresh paint. Last spring I took Hood's Sarsaparilla—took three bottles. It did me an immense amount of good. It gave me an appetite, and my food relished and satisfied the craving I had previously experienced."

GEORGE A. PAGE, Watertown, Mass.

Hood's Sarsaparilla
Sold by all druggists, \$1.50 for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

BREVITIES.

Bar silver 100 3/4.

William Cobb of Verdi visited Reno yesterday.

G. W. Meacham of Lassen ranch, Humboldt county, is visiting Reno.

Amity Lodge, No. 8, K. of P., will hold its regular meeting this evening.

Lee McLotte is rapidly improving, and was reported as decidedly better last evening.

Charles Fair, a son of ex-Senator James G. Fair, passed through yesterday going East.

J. F. Condon, Superintendent of the Verdi Mill Company, arrived in town yesterday.

E. McD. Johnson and wife of San Francisco arrived last evening from the lake.

E. E. Winfrey has returned from a visit to the Eastern States, accompanied by his cousin, Bert Winfrey.

The taxable property of Storey county foots up nearly \$2,000,000 this year, an increase of about \$300,000 over 1890.

H. S. Crocker and wife of San Francisco arrived last night from Lake Tahoe, accompanied by Mrs. H. M. Xerlington.

The number of Buffalos now in the Yellowstone National Park is nearly five hundred, showing a slow rate of increase.

At Willows, California, on Tuesday Evan Williams' horse, Our Jack, won the three-minute class trotting race. Best time 2:31.

John Cox of Virginia lost his second and last child from diphtheria Wednesday night. The other died about three weeks ago.

M. L. Wines, a prominent young lawyer of Battle Mountain, arrived last evening on a visit to his parents, Mr. and Mrs. J. L. Wines.

M. M. Kellogg of Provo, Utah, visited Reno yesterday. He has mining interests in the Humboldt range which he is looking after.

W. H. Snedaker and F. W. Thompson of San Francisco, representatives of the Rio Grande Western Railway, were in Reno yesterday.

The Chronicle says: A wagon-load of beautiful trout from Pyramid Lake, peddled by reservation Indians, found ready sale on the street this morning.

After all the fuss California made to get the position, James Samuels of Kentucky has been appointed Chief of the Horticultural Bureau of the World's Fair.

Dr. Phillips, who is attending the Frazier family, who are ill with diphtheria at North Truckee Meadows, reports his patients as being almost out of danger.

Men have been set at work clearing away the ground at the old reduction works for a new building. It is stated that the works will be rebuilt immediately.

The Board of Examiners will hold a session at the High School building, Reno, next Monday, to examine applicants for teacher's certificates. See notice in another column.

Joseph Tias, who had a nail run in his foot about ten days ago and was threatened with lockjaw, was sent to Salt Lake City last night, where he has relatives, by his friends here.

Hon. William Thompson arrived from Frankton last night on his way to San Francisco. He says his boy is all right, and has no symptoms of diphtheria, and did not have the disease.

At Havana, Illinois, a man stole over two hundred hogs from farmers. He was finally caught and confessed that he used a long pole on the end of which there was a sponge wet with chloroform, to stupefy the hogs. The hogs made no noise when seized and were hauled off and butchered.

The Journal is indebted to Superintendent Agler of the Truckee Division for a copy of the new time card which goes into effect to-morrow at 12:05 A. M. No change is made in the time of arrival of passenger trains, but the Truckee Division is extended to Carlin, the Humboldt Division being abolished.

Two coaches loaded with the children of the Congregational Sunday School, their parents and friends left yesterday morning for Merrill's Grove, Verdi. About two hundred tickets were sold, and altogether it was a grand success. They returned last night on the regular passenger train, which did not reach Reno until eleven o'clock.

A report comes from Boston to the effect that the Hopkins-Seales and Crocker interests in the Central Pacific, the Atchafalpa people and the Missouri-Pacific and Union Pacific interests will be brought closer together than ever before, and the representatives of the California parties above mentioned recently had interviews with the Union Pacific and Gould people looking to such a combination.

Simple and Effective.

Dr. H. H. Hogan, one of the most experienced physicians in the State, says one of the simplest as well as best remedies for diphtheria is dry sulphur, or it may be given in syrup every half hour. He says if anything will save a patient sulphur will.

The Latest American Nightingale and Her Romantic Marriage.

Miss Emma Eames, now Mrs. Julian Storey, is a Boston girl. She studied under the best instructors of France and Italy. Her admirable voice and method soon attracted the attention of managers, and she had no difficulty in obtaining an engagement. She has sung with great success in London and other cities and has been engaged for the opera season in America opening in October. She returns to London next year, where she is to sing at Convent Garden Theatre, under the management of Sir Augustus Harris, the newly created Knight. Miss Eames was married in London on August 1st in the historic church in Bray, on the banks of the Thames. The engagement took place under most romantic circumstances.

A civil marriage was performed in London at the Registry office the Wednesday previous. Mr. Julian Storey has made a great reputation as a portrait painter, and, although he has never visited America, is as well known as his famous father. Mr. and Mrs. Storey will spend their honeymoon at Moritz, Switzerland; afterwards they will go to Venice as the guests of Robert Browning's son, who has a palazzo on the Grand Canal. It is not unlikely that Mr. Storey may take a studio in New York. His wife's success has been little short of phenomenal. America is certainly the country where the best prima donnas are produced. Her triumph in this country is assured.

HAY IN DEMAND.

Presses Running Day and Night.

There is quite a demand for hay in California. Chili and the Hawaiian Islands get their supply of hay from California, and take nearly 1,500 tons a month. This relieves the home market in California, and creates a demand for Nevada hay in San Francisco. Ranchers on the Truckee Meadows are shipping their hay over the mountains, and some baling machines are being run day and night to supply the demand.

The world certainly moves when hay from the Truckee Meadows and the Sink of Humboldt finds a market in South America and the Hawaiian Islands, and grain from Paradise and the Humboldt is shipped to Liverpool to feed the people of Great Britain.

CONFLICT OF RACES.

Pirates Interfere With Chinese Hop Pickers.

The Sacramento Bee of last Wednesday says:

"J. S. Camp to-day brought down from Reno about one hundred and seventy-five Putes, men, women and children, from the trundled papoose to the buxom squaw and the lordly brave. The crowd camped for breakfast in the willows along lower Third street, and then were put aboard a train for Brighton, where they were put to work in Camp's hop field.

"When the Chinese heard that the Indians were coming they began to hedge, and relinquished their demand for \$1 25 a hundred pounds for picking. They informed the growers that they would pick for ninety cents in order to freeze out the Putes, but the offer came too late."

DESTRUCTIVE CLOUDBURST.

Three or Four Children Reported Drowned.

A cloudburst struck Redlands, California, Wednesday afternoon. No reservoir was broken yet the water in front of the First National Bank at the motor depot was three feet deep. The men at work in the Citograph office were carried out on horseback. Three or four children are reported drowned. The storm was heaviest at Grafton, three miles east of Redlands. Mill Creek, which is lined with alder trees the entire length from Grafton to Redlands, is a scene of devastation. The Barton tract, west of Redlands, which is covered with residences and young orchards, is flooded badly, having received the full force of the Redlands flood.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

J. G. Kerth manufactures all kinds of soda water also sarsaparilla and iron, orange and the very best of beer. Send in your orders. Families supplied on short notice.

Little Nellie climbed into Uncle Ned's lap and began to search his pocket for a penny. Finding a silver quarter she called out: "Oh, mamma! Uncle Ned has got a penny with a hen on it!"

The Palace Hotel, which is well and favorably known to every old Nevadan, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the comfort and convenience of guests.

The microbe theory is almost 2,000 years old, for Terentius Varro wrote, 37 B. C., that there are invisible animalcules growing in swampy regions which get into the body by way of the mouth and the lungs, and cause serious disease.

The only no fly lunch counter, and for many other reasons the most convenient, cheapest and best place to go for your meals, lunches and also all kinds of drinks, cigars and lodgings. STROH & BROOKS.

THE RENO STAKE

A Special Race at the State Fair. A special race will take place at the Nevada State Fair, September 22d, as follows:

The Reno Stake, for all ages; of \$100 each, \$20 forfeit, with \$1,500 added, of which \$250 to second, third horse to save entrance. Winners at this distance in 1891 to carry five pounds extra—1 1/2 miles. Entries to close September 5th with the Secretary.

By order of the Board.

C. M. STODDARD, Secretary.

Notice to the Public.

Having re-fitted my barber shop and bath house with extra fine porcelain bath tubs, my bathing facilities surpass anything of the kind in this State, without any exception. Nothing but first-class work at C. Coleman's, west side of Virginia street, next to Fredrick's jewelry store.

THE SWIFTEST RUNNER.

The Ostrich Beats Everything.

As to the rate of speed, the ostrich is the swiftest runner on the face of the earth. The pace at which a strong ostrich can run is estimated to exceed sixty miles an hour, but this rate of speed is seldom kept up for more than a mile or so. When an ostrich is running at full speed its legs move so rapidly that the feet do not appear to touch the ground, and, according to Dr. Livingston, the eye can no more follow them than it can follow the spokes of a carriage wheel in rapid motion. No race-horse can overtake the ostrich, and it would be impossible to catch it but for the habit it has of running in a circle. The hare is another very swift runner, going at the rate of nearly a mile a minute. The fleetness of the antelope tribe is proverbial. The swiftest dogs and horses are left far behind in pursuit of these animals, and it is only by stratagem that they can be hunted with success.

How's This?

We offer one hundred dollars reward for any case of catarrh that cannot be cured by taking Hall's Catarrh Cure.

F. J. CHENEY & Co, Prop's., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly able to carry out any obligations made by his firm.

WEST & TRUAX, wholesale druggists, Toledo, Ohio.

WALDING, KINNAN & MARVIN, wholesale druggists, Toledo, Ohio.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists.

For Over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children's teething. If disturbed at night and broken of your rest by a sick child suffering and crying with pain of teething, send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for children teething. It will relieve the poor little sufferer immediately. Depend upon it mothers, there is no mistake about it. It cures Diarrhoea, regulates the Stomach, and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives Tone and Energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

MRS. G. GRAHAM'S FACE BLEACH

Removes Freckles, Moth Patches, Sun burn, Sallowness, Pimples, Blackheads and all skin blemishes. Guaranteed perfectly harmless. Price, \$1.50. For sale by Miss E. G. Gibbs, Milliner; J. B. McCullough, Druggist, and druggists everywhere.

NEW TO-DAY.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for Washoe county. The State of Nevada, sends to Anna Stoner greeting: You are hereby required to appear in an action commenced against you as defendant by Joseph Stoner as plaintiff in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons (exclusive of day of service), if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to obtain the judgment and decree of this Court dissolving the bonds of matrimony heretofore and now existing between you and said plaintiff on the ground of habitual gross drunkenness contracted since said marriage. All of which more fully appear from the complaint which is on file in the office of the Clerk of said Court, at Reno, in said county, and to which you are especially referred. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded. In testimony whereof I have hereunto set my hand at Reno, this 12th day of August, A. D. 1891. T. V. JOHNSON, Attorney for Plaintiff.
